March's Guild Meeting to be Held at Cokesbury Village

The club officers have arranged for this month's meeting to be held at Cokesbury Village in Hockessin. For some this is more conveniently located than other optional sites around the Newark area. They offer year round accommodations, otherwise not gained if we elect to meet in a facility run by a local school district. Cokesbury has several rooms to offer and Peter will try to work through all the options prior to the meeting.

I understand there is a woodshop on site with a group of individuals that regularly use it. We don't know yet whether the shop is large enough to hold demos in. We'll discover this Wednesday evening.

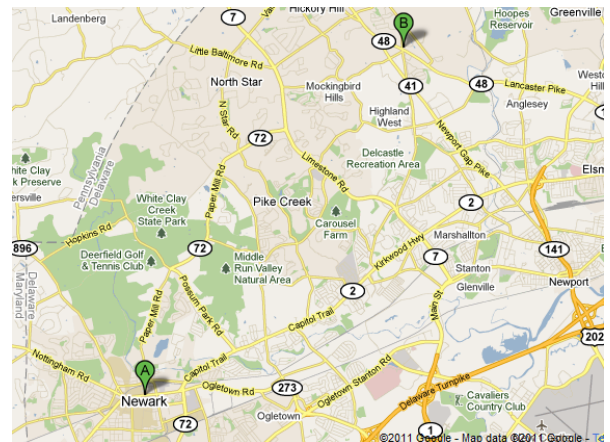

At the end of the meeting Peter would like your opinion on how well Cokesbury meets the needs of the club. Please make it a point to see him and make your thoughts known. The officers will pursue other options if needed.

Cokesbury Village is located at 726 Loveville Road, Hockessin. Visitor parking is in the lot in front of the main entrance. There will be a sign in the front lobby on meeting night to indicate which room we're in.

2011 Dues are \$35.00 and are now being collected. See Jeremy for payment.

Club Opportunity

Delaware City Day is Saturday, July 17. A craft booth (sales) is \$50, and an informational booth (no sales) is \$20. Booths with electric hookups are \$75. Booths are 10' x 10', but a double booth can be had at a reduced rate for the second booth. Exhibitor provides all tables, electric cords, water, etc. We would need to show our 50c3 form to qualify as a nonprofit. Seems to me this would be a good activity for the club, and might be a venue to show one or both of the desks.

Are we interested? Please see Peter for additional information.

Woodcarvers of Delaware club

The "Woodcarvers of Delaware" club meets every Monday night (6:30-8:30), while school is in session. We meet at McKean High School in the old woodworking room. The meetings are informal. People bring and work on their projects at the meetings. Experienced woodcarvers are available to help you master the art of woodcarving. If you would like to add a new dimension to your wood working skills, come and check this club out. For additional information contact Roger Earley (president) at 302-998-4855.
