September 2015: Picture Framing Intricacies

Are you being framed? What does it take to make a good picture frame, how about joinery, corners, gilding, matting?

September will frame the picture!

Newark Library Exhibition:

Wayne Scholz will tell us how our display was received; Woodguild items were on display for more than 2 months.

Festival of Lights

Time to start thinking:
Ornaments. Only two
months left to create.

The Guild every year
decorates a Christmas tree
for the Festival of Lights, a
Cokesbury Village event at
Thanksgiving. Proceeds
benefit Hospice of
Delaware

Now is the time to design
and produce those
ornaments. How many have
been made so far?

August Meeting: Washstands

Peter brought the lumber and the model washstand for the projects, Charlie Given and crew will plane all the planks to dimensions required with support of Wayne Scholz. Tim Sabo is taking the 8/4 lumber for the legs and start turning those. One washstand will be 24 inch wide, the other 28 inch. Reports on progress at the September meeting. There is still time to get involved and hone your skills, sign up this Wednesday.

Dave Webber tools, update from Ron Hasse.

At the auction house in Ephrata, Dave Webber's tools have been sold. Al Webber received \$215 from the auction and about \$150 from Guild members. Al was profusely grateful for our help in getting the tools out of his basement and offered to compensate us for our gasoline usage. This is the first time we have this effort in helping an estate. Could more money have been realized from the tools? This is hard to judge and going forward we can try and streamline the process. Thanks Ron and crew for attending to this matter.

Show and Tell

Harry Coulsting has made duck shaped coat hangers, great for the grandkids, after painting. Take one home!

Tim Sabo is into Mimosa, no, not the liquid kind. The tree has elegant foliage, is a hardwood great for chisel handles. Some are admiring a plank>>>>>>>>

Jeffrey Campbell is designing a handrail and asked questions about the best way to shape the various sections.

Hans Francke made a coffee table (24 by 42 inch) from a 300 + year old beech. Preparing the top with Denis O'Regan. The project in the Pendle Hill shop and the finished table at home. The undercarriage is Kentucky coffee with Japanese style joinery.

Saw Mill in September; the 19th!

Portable sawmill and prentice truck scheduled for Saturday Sept. 19 8:30 am for any guild member interested in watching the milling process. Collins Portable Milling is providing the mill. Save the date! Sign up!
Chuck has 20 logs to mill - cherry, poplar & walnut

For more info call Chuck Skelley 302-584-7959

For Sale

	9" +	\$5.50 /board foot
4/4 clear		\$7.50 /board foot

Random widths, lengths & thicknesses in the rough
Also various other hardwoods for sale

Chuck Skelley 302-584-7959

For Sale: Cherry

Peter Leavens has a friend who just had a large **cherry** tree sawn. He has several boards 14" to 17" wide, 3.5" thick, and 9 ft long which he is interested in selling for substantially less than Hearne prices. He also has 3 boards from the same log 7"-9" wide, 2.5" thick, and 9+' long.
Contact Peter at: 302-738-9317 or pbl@udel.edu.

* Show and Tell.

Always some surprises! What have you been working on?

* Ideas

Do you have a tip or a question? Bring these to the meeting.

* Items for sale? News?

Let me know via email, including pictures.
